THE PRESIDENT'S SPEECH  
\$27 A DAY FOR ALL  
40 BILLIONS, CHEAP

—By Arthur Brisbane—  
(Copyright 1930 By King Features  
Syndicate, Inc.)

THE PRESIDENT'S OPTIMISTIC VIEW of the near future, backed by sound facts and figures, should comfort many doubting Americans, who thought the world had come to an end when violent stock gambling produced its usual result.

Particularly important is the fact, usually forgotten, that this nation consumes 90 per cent of all it produces. If tomorrow the people of the United States, consumers and distributors should resume their normal purchasing, instead of holding back, in a vague, foolish fear, our property conditions would immediately become 97 per cent of normal.

Americans now hearing they know not why, should remember that the 1930 dollar will do almost twice the buying work of a 1929 dollar. Buy now, the dollar's 1930 value will not endure.

IF HENRY FORD'S LATEST prediction becomes reality, this country will consume all it can produce, and more, baring, perhaps, superfluous food products. And if they can be produced as cheaply in proportion as our automobiles are produced, our farms could underwrite the world, as our automobile and moving picture factories do.

MR. FORD REDIGTS THAT a minimum pay for workers of \$27 a day by 1950, the five day week to be universal, giving the \$27 a day man leisure to enjoy his earnings, automobile, radio, etc.

To many, that seems preposterous—almost criminal. But not long ago there was only one man in the United States that could earn a dollar a day the year round. The increase from one dollar a day for one man only, to six dollars a day, and more, for millions of men, would have seemed as "impossible" as the increase that Mr. Ford suggests, from six dollars to twenty-seven.

NOT VERY LONG AGO A president of the United States complained publicly because a good man could not be hired for much less than \$100 a year.

There is nothing preposterous or impossible about Mr. Ford's suggestion of \$7,020, as minimum pay for 260 days work in the year, 20 years hence.

Raw materials and manufacturing capacity are unlimited. Why should there be any arbitrary limit to the possibilities of wages, and of human enjoyment?

When the earth has more than enough for everybody, why should not everybody have enough?

But do not let future prospects

## Victim Brings Men Before Court Judge

LISBON, Oct. 3.—No officer was required to bring John Dunlap and William Blough into probate court to enter a plea of guilty to petty larceny, after Contractor Harry M. Bates of Steubenville, charged the men with appropriating his gasoline.

Bates took the men into court himself, and fines of \$10 and costs each was pronounced by the court and which Bates paid.

The men are employed on the Salem-Lisbon road project which is now being completed by Bates.

# HOOVER TAKES ISSUE WITH CRITICS

President Hoover Meets Senator McCulloch

This photograph was taken at the Pennsylvania station in Alliance Thursday when President Herbert Hoover's special train stopped en route to Cleveland to take on United States Senator Roscoe C. McCulloch of Canton.

President Hoover came to the

rear platform to greet the large crowd which had gathered there. He is pictured above on the rear platform with Senator McCulloch. To the rear of the President is a secret service agent.

As the train drew in factory whistles were blown. Shortly after the special came to a stop the

crowd broke through police lines and surrounded the rear car. During the six-minute stop the Alliance High school band gave a program.

Many students from Mount Union college and Alliance High school were among the crowd which greeted the President.

## Cleveland Police Break Up Parade Near Public Hall

(By Associated Press)  
CLEVELAND, Oct. 3.—Charges of mounted policemen and swinging nightsticks broke up an impromptu parade of Communists and unemployed near the public hall where President Hoover was addressing the American Bankers association convention last night.

When the paraders, variously estimated at between 600 and 800 attempted to turn toward the public hall, motorcycle officers laid down a smoke screen and mounted police charged driving the marchers off the street.

A detective was beaten by a

parader, one reporter received cuts and bruises that necessitated hospital treatment. Another reporter was inadvertently struck with a night stick wielded by a policeman and spectators said scores were clubbed by police.

Three store windows were smashed during the melee and four men were arrested for investigation.

The parade had formed in the public square, a few blocks away from the scene of the disorder, after Tom Johnson, a Communist orator and others exhorted the throng to march to the public hall and protest against unemployment.

Acting Chief of Police George J. Matczak instructed Capt. John Savage in charge of the mounted police, to permit the parade so long as there was no violence.

Fines totalling \$300 and costs were imposed on Peter Taflan, West Pershing avenue, on his plea of guilty to two charges of liquor violations in Mayor J. M. Davidson's court Thursday.

Taflan, who had previously pleaded not guilty to charges of possession of intoxicating liquors, changed his plea on arraignment before Davidson yesterday.

He was fined \$200 and costs on the liquor possession charge and \$100 for possession of a still police confiscated at his home in a raid conducted by Police Chief T. W. Thompson with Patrolman William Reardon, Edward Miller and Ralph Steffer.

He paid fines and costs in the case and was released.

The case of Joe Johns, Pershing avenue, charged with possession of intoxicating liquor, has been continued by the mayor.

## PARENT WANTS LESLIE SCHOOL OPENED AGAIN

Petition in Court Claims Hardships On Pupils Under Changes

LISBON, Oct. 3.—Homer Gorby of near Negley, has filed a petition in common pleas court seeking an injunction and a mandamus order against the board of education of Negley special school district, which asks the restoration of the Leslie Run rural school in Middletown township.

Gorby in his petition relates that he represents 17 other tax payers who had 23 children attending the Leslie Run school. The children now have to walk from one-half to two miles to obtain transportation to the Negley school, he says.

The petition also declares that the Leslie Run school district was consolidated with the Negley special school district by an action of the county board of education, but that the Negley special district board of education has failed to show by their records the acceptance of the Leslie Run district, although the Negley board is exercising jurisdiction.

Gorby also explains that the seats have been removed from the Leslie building, the school library taken out, and the coal purchased for the Leslie Run building sold, and that the Leslie Run building has never been condemned by the department of industrial relations.

The petition asks that the building be restored to its former condition and an injunction be rendered against the board from further molesting the building.

The Negley special school district board of education is composed of Harry Mackall, president; Ira Huston, clerk; Walter Becker, Cliff Shell and Ira Shockey, all of whom have been named defendants in this action.

A bathing pool and other improvements are planned at the home, Owen stated for next year.

## CLUBS ASKED TO AID FAIRMONT

Improvements Desired At Children's Home; Band Entertains Here

Kiwanis clubs of Stark and Columbiana counties will be urged to cooperate in a drive to raise funds to provide improvements at the Fairmont children's home during 1931, Fred E. Owen of East Palestine, Columbiana county representative on the home's board of directors, told Salem Kiwanians at their meeting Thursday.

Owen discussed needs at the home and explained that East Palestine Kiwanians have already offered to cooperate in the fund drive while other clubs in the two counties will be approached on the matter within the next two months.

## British Women Shot By Chinese Bandits, Report

### LEGATION HAS RUMOR WHICH DENIES DEATH

Mission Cable Report Is That Execution Was Carried Out

GOVERNMENT ASKS FULL INFORMATION

Women Were Captured By Bandits Last July

LONDON, Oct. 3.—Conflicting reports concerning the fate of two British women missionaries, the Misses Nettleton and Harrison, kidnapped by Chinese bandits at Chungghai, Fukien Province, last July reached London today.

While Peiping dispatches to the evening newspapers reported the women had been shot, the British legation in Peking issued a statement quoting reports from other sources that the women had been released.

Partially confirming the Peiping news reports, however, the church missionary society received a cable from its China offices giving the brief message "Nettleton Harrison shot."

The Misses Nettleton and Harrison were field workers for the church missionary society. Their kidnapping several months ago while Communist depredations in China were at their height caused widespread indignation, and every possible step was taken to obtain their release.

Demanded \$50,000 Ransom

The bandits who spirited them away to an unknown hiding place in the hills of Fukien province demanded \$50,000 ransom each for the release of the women. In support of their demand, they dispatched a ransom letter to the British legation, accompanied by a finger purported to have been cut from one of the kidnapped women's hands.

Strenuously-worded notes were dispatched by the British government to the Chinese authorities, demanding all possible steps be taken to obtain release of the prisoners. A fund was hastily organized, and delegates of the missionary society departed for Fukien with at least part of the sum demanded for ransom.

The emissaries apparently failed in the negotiations, for although no further ransom demands were received, weeks passed with no word of the prisoners' release.

British officials immediately cabled to Peiping for full information regarding the incident.

## BIRTHS EXCEED COUNTY DEATHS

Health Board Report For District Shows One Auto Casualty

LISBON, Oct. 3.—In a report just issued by the county board of health covering the last monthly period there were 49 births and 28 deaths reported in the territory served by the county health board.

Fairfield township leads all townships with a record of eight births. The death report shows two children died under the age of one month and two between the age of 10 and 20 years. Two died between the age of 40 and 50 years and three between the age of 50 and 60 years. Seven died between the age of 60 and 70 years and eight between the age of 70 and 80 years.

Four deaths were reported between the ages of 80 and 90 years. One death has been reported as a result of an automobile and one from sunstroke.

Plane Parts Washed Ashore In Michigan

Although relatives have never doubted that Skelton lost his life at the lake, there has never been any evidence as to what his fate actually was.

## Fire Alarms Here Create Record

All records in total number of fire alarms answered by the Salem police department in the city's history will be surpassed this year.

A total of 128 alarms have been answered by firemen here to-date, Fire Chief V. L. Malloy announced today, while all last year only 101 runs were made by the department.

Six alarms were answered in September. At this time last year firemen had made only 82 runs, 46 less than have been made this year.

## ST. LOUIS FANS LOSING HOPE OF SERIES VICTORY

No Grand Rush For Seats In Cardinal Park For Game Tomorrow

OPTIMISTIC ONES VISION VICTORIES

Place Hopes On Grimes And Hallahan To Even Series

(By Associated Press)  
ST. LOUIS, Oct. 3.—The thump, thump of Connie Mack's not so "white" elephants has almost crushed the far flung "spirit of St. Louis."

With two of their best money pitchers already grounded under the big stampede at Shibe park, even the most rabid Cardinal fans sang the blues today and feared that the current edition of the world series would be just another one-two-three-four romp for the representative forces of the American league.

In fact, the depression was even noticeable in the ticket sales. With the third game of the series and the first in St. Louis scheduled to open within 24 hours or tomorrow, 3,500 grand stand seats were still available. There were 5,000 open on the first three bases for the bleachers but no grand riot was anticipated to get at them.

Baseball gossip was almost unnoticeable on the streets, hotel lobbies and in clubs. Mr. Cardinal Fan had a weebone look on his face although here and there could be found the hopeful.

"Wait until Wild Bill Hallahan whips over his southpaw slants before you give up hope," some encouraged. "He'll stop those Athletics and get that herd of elephants on a run. Then Burleigh Grimes, beaten by the breaks of the game in the opener Wednesday, will come back and how!"

"Yeh, but what are we going to do after that? What are we going to do with Earnshaw?" muttered the discouraged.

The surprising impotency of three of the Cardinals' best siege guns, Jim Bottomley, Chick Hafey and Taylor Douthett,

## A MONUMENT TO A GREAT MAN

When General Leonard Wood visited the United States the last time before his death, he said that one of his principal reasons for coming was to secure funds to establish a monument to a great man. After his death, a fund of \$2,000,000 known as the Leonard Wood Memorial Fund for the Eradication of Leprosy was started. Its officers have revealed that less than \$200,000 now remains to be raised to complete it.

The establishment of such a vast fund and good work, and the opportunity given many Americans to show their admiration for the man who conceived it is one of those rare achievements which can move even pessimists to doubt their philosophy. It is nothing less than pure humanitarianism, a response to the inward summons to do good. The men and women of this nation whose contributions have built the fund will not see the work it does among the brown eastern people living in territories under the American flag. To some of them, indeed, their contributions may have been nothing but a sign of their respect for a very great American. The good work which they are doing is no less great for that.

On the island of Culion, which lies between Palawan and Bushanga in the Philippine group, a little group of medical people is spending the Leonard Wood Memorial fund. Under their leadership and as the result of their skill the island has become synonymous with hope for thousands of lepers. Other people not afflicted with the disease have learned that Culion is a haven of healing and strength—not a pest hole where lingering death is master. There is no question but that the fund will reach its goal of \$2,000,000. Motivated by an active appreciation of a truly great man and a noble work which he initiated among a needy people, more will be willing to give where so many others already have given.

## AMBASSADOR MORROW RESIGNS

It is interesting to imagine what the effect of that sentence would be if Ambassador Morrow were resigning under different conditions. There would be yards of copy prepared eulogizing him, recounting his distinguished work in establishing better relations between Mexico and the United States and expressing universal regret that such an able man should be lost to the state department. But his resignation was proffered several days ago with hardly a murmur of comment, printed or spoken, upon it—presumably because Mr. Morrow plans to continue in public service in another department.

If it be permissible to refer to Mr. Morrow as "ambassador" for a few paragraphs, the comment will be more pointed. Here is a man whose keen intellect, vision and friendly approach changed an atmosphere of suspicion, hatred and intrigue in Mexico City into an atmosphere of trust, friendliness and even enthusiasm for the government he represented. For a generation the post of ambassador to Mexico was just about the unhappiest job the state department had to offer. The oil question was bobbing up continually and every time it bobbed something happened to make Americans a little more unpopular the other side of the Rio Grande. Mexico owed Americans in damages for lives and properties destroyed more than \$1,000,000,000 and the good intentions of the United States were open to question publicly, privately, diplomatically and morally.

In November, 1927, Mr. Morrow resigned from the banking firm of J. P. Morgan and Co. to enter the field of diplomacy as ambassador to

Mexico. Immediately, the cry went up that the United States was turning Mexico over to the Morgan firm. The new ambassador faced a senatorial firing squad, and disarmed them with a smile and abundant evidence of good intentions. He went to Mexico City, met President Calles, and in less time almost than it takes to tell about it the Mexican situation was on the mend. Ambassador Morrow knew about finance; Mexico soon had a budget and the government found its way clear to meet its obligations at home and to make payments on its exterior debts. Then came the revolution of 1929 and Ambassador Morrow played an important part in upholding the government. The religious problem, the oil problem and many others—all these Ambassador Morrow solved to the satisfaction of both parties. Never before in the history of Mexico was the influence of an envoy from a foreign country so striking.

Part of the secret was, of course, that Ambassador Morrow liked his job. He had no other ambitions than to do it well. He was reluctant to enter the New Jersey race as successor to Senator Edge when Governor Larson cabled him asking to do so. For 10 days he pondered, but finally consented.

There is every likelihood that he will enter the United States senate. If so, he will enter as an outstanding favorite with the American people, who predict he will be a natural leader in that important body. Without further comment on his ability as a statesman, this doubt may be voiced: Can a first-class statesman also become a first-class politician by departure from the traditional methods?

Someone thought of it before, but it's a great idea to invite only married people to one's wedding—so that no gifts will have to be returned, you see.

It's time to put the old vest on again but we can't remember whether they sold us a vest or not with this suit.

"Oh sure, Harry's a great fellow to travel. Why he's got the third layer of labels started on all his luggage."

## What Others Say

### THE POLITICS WIN

The resignation of Nicholas Roosevelt from the vice-governorship of the Philippines, a post to which he never proceeded, smooths out three of the four sharper angles of an unfortunate incident. The politics in Manila will rejoice over the discomfiture of an appointee whose opinion of themselves does not agree with their own. Any unpleasantness that might have followed Mr. Roosevelt's arrival in Manila as vice-governor has been avoided. The senate's congenial opposition is deprived of an opportunity to knife another executive appointment.

The fourth angle remains to be seen and solved. Will the victory they have won over Mr. Roosevelt cause the politics to feel that they have advanced the cause of Philippine independence? If it does they will have to be disillusioned. As a matter of fact their conduct in this instance has cost their cause many friends. The evidence they have given of the ease with which they can stir up illiterates to burn books they can't read merely strengthens Mr. Roosevelt's contention that the heterogeneous people of the Philippines are not yet prepared for independence; that they are not yet adequately equipped to survive the experiment of living unprotected in this hard-boiled world's family of ravenous nations.

At Budapest, we doubt not, Mr. Roosevelt will find official life more agreeable. The Hungarians will not toss his writings into their waters. Admiral Horthy has some ideas of his own on peoples who aspire to govern themselves, whom a pleasant conversation with the American minister. The failure of Mr. Hoover to "sell" Mr. Roosevelt to the Philippines presumably will make the administration a little more careful in the future, when it is inclined to fill posts with efficiency, where tact and friendliness is required.—Detroit Free Press.

## The Stars Say

For Saturday, October 4

With most of the planets in adverse positions on this day by lunar aspect, supported by a sinister solar figure it will be difficult to make much progress and avoid the shoals unless by sheer shrewdness, resolution and sagged application. The latter will be sustained by a friendly Saturn, the only saveable help to be looked for. There is a menace of fraud duplicity and furtive attack as well as a threat of open enmity. With complete awareness discretion and following the advice of elderly persons difficulties may be bridged over.

Those whose birthday it is may expect to be confronted by a year of difficult and hazardous situations, which may only be circumvented by hard work, strict attention to business and the exercise of a mind alert to deception, fraud and enmity. Subtle and underhand methods lie in wait, but wisdom and the friendly advice of elders may assist over the shoals. Safeguard the funds. A child born on this day should be industrious and shrewd, with secret and inner leadings to apprise it of danger spots, to which it may be subject through treachery and malice.

## NEW YORK Day by Day

by O.O. McIntyre

NEW YORK, Oct. 3.—Thoughts while strolling: Funeral parlors jangled up like tea rooms. Those "O. K." takers who plunge hands deep in pockets and spit through their teeth. Hanson Booth, the artist, has painted snow white hair. Wash fruit tasted as delicious as jokers in street car ads.

Keats Speed, a Louisville, Ky. boy, who made good in the city. Who remembers when all baby carriages were high off the ground? The noted financier who "rolls his own." Natasha Rambova's slinking walk. Elderly sports with vest edgings of white. Harry Salpeter who knows all the literary great intimately.

A cafe called "The Better Ole." Hattie Carnegie, the modiste. Sign: "Our hams are not cured — they were never sick." Phil Dunning who flies from Los Angeles to first nights. A spotted coach dog under a carriage in front of Carrie's. The frazzled hairpin plants in Helen Gould's window boxes. Is that P. P. A. or Gracioso Marx?

Frances Siskin, the oratorical banker. Home made taffy—\$2 a pound for goodness sake. The sedate haberdashery in Kaskel & Kaskel windows. Morris Alshuler who used to convulse us with blackboard pictures when teacher wasn't looking. Then had to stay after school to clean the erasers.

The pale and interesting looking Mrs. Irving Berlin. Frederic James Smith, movie editor. Nervous men who give necks quick little twitches. New Yorkites! An avenue store that never held a "sale." And pressers. A lady walks along reading a letter and weeping. The whoops of fog horns give me the shivers.

An ad firm—Rupp and Bang. The Riato's best known press agent was named Drumm. Elizabeth Cobb and her new husband. Saucy flappers with jaunty berets. I've exhausted emotions over ocean flights. The best I can give them is a glance and quick turn to the fannies. Alexander Woolcott, twittering along.

The old Wendell mansion is more forbidding looking than ever. Soon the Union League Club will be on Park avenue. Two blocks of new buildings. When will it stop? The speak-easy fungus for "Between-the-Sheets" cocktail. A cop feeding a hurt sparrow. A clean deed in a dirty world.

A Park avenue apartment was recently graced by one of those fantastic paintings by Matisse—three beefy bloated women with sprouting chin holes. "Ah," exclaimed Gene Crawley "The Droopy Sisters discussing their elephantiasis!"

No one untrained in music, writes a New York editorialist, would think of trying to lead an orchestra. Maybe I was a bit jangled, but not many years ago I tried to lead several including Paul Whitman's. But during night clubbing days I am soled by memory of one hap-

py inhibition. I never promised passing cigarette girl to set her up in business.

The Belmont, now facing the wreckers, gives older New Yorkers a sentimental wrench. In copious days when Jim Woods was Mine Host it was the smartest inn in town—not the largest, but encompassing an unforgettable clan.

A skyscraper will shoot up on the Belmont site cater-cornered to the Chrysler building, the tallest (I've been indoors two days) at the moment.

A New Yorker motoring in my section of Missouri writes of seeing a boy lying in the shade at the fork of a lonely country road. He inquired: "Boy which road goes to Kansas City?" The boy barely nodded toward one and mumbled: "That 'un." Exasperated, he sneered: "Show me a lazier move and I'll give you a dollar." Nothing moved this time but the boy's lips to say: "Put her in my right hand pocket!"

Speaking of motoring, I have never—and for an excellent reason—attempted to drive. Tempus has done a mess of fudging so now the truth may be told. The first lesson was under the tutelage of Frank Holly, an old friend, in his car. I was early in Central Park. The foliage sifted splintered sunshine. Birds pulsed morning songs. And others tra-la-la like that for six hours. I was bowling along great guns when my foot slipped on the wheepie-choke or something. Our heads snapped back, trees flattened out, and we shot out of the park like a breeze. I have a blurry recollection of missing a tottering gentleman crossing the street by an eyelash. It was the late Andrew Carnegie. The morning papers carried a squib about the iron master's close shave by an unknown motorist. I grew a beard hiding under the bed for several days. So that, children, is why Master Old pedals madly around on a veloped.

## HEALTH

By Dr. Royal S. Copeland

### Watch Lack of Vitality

It isn't a good sign to be tired all the time. It is natural to get up in the morning tired as you were the night before. You just cannot compete with the rest of the world when everything seems large before you when you are just able to drag yourself around.

There are plenty of reasons for these symptoms. The condition often comes from lack of proper sleep and rest. It may be that you keep late hours or an overworked over-anxious and worried about something. Of course, if you cannot sleep, you are going to be tired the next day.

Perhaps no two things have caused so much ill health as chronic constipation and indigestion. They are the most common causes of that "tired feeling."

You cannot hope to absorb for days and weeks the toxic poisons thrown off by waste material in the intestinal tract without having real trouble. Nothing breaks down the vigor and vitality more quickly. It will depend upon your powers of endurance or "your constitution" just how long you can hold out against these noxious poisons.

Kidney, heart and liver troubles bring with them a sense of fatigue. Here again poisons infect the system and heart weakness reduces the power and force of the circulation of the blood.

The first thing to do in a case like this is to consult your doctor. He will find the cause of your tiredness. When the seat of trouble is found you should advise by the doctor's advice and treatment. That tired feeling will disappear only when the cause is removed.

Put formations of any description will set up poisons in the system. These produce fatigue and bad health. It may be an abscessed tooth or pussy gums. Perhaps it is diseased tonsils. Sinus or ear troubles are far-reaching in their bad results. Any of these toxic poisons may be carried to every part of the body by the blood stream producing bad health.

None of these things should be neglected. The trouble cannot be should be examined by a competent doctor and the eyes and ears come

in for this scrutiny. A thorough examination is necessary to be sure there is no hidden trouble. When you are tired and run down you should give yourself an unusual quantity of rest and sleep. It is only in sleep and rest that the nerves and muscles make up for the energy lost. You must help nature do her work of recuperation by living a simple life, eating simple food and if you can get away for a change and relaxation do so by all means.

# INCOME TAXES SHOW DECREASE

Officials Of Treasury Are  
Gratified, However,  
With Conditions

(By United Press)  
WASHINGTON, Oct. 3.—Income tax collections in September totaled \$498,520,385 enabling the treasury to end the first quarter of the new fiscal year with a surplus of \$52,292,255.

Collections for the corresponding period a year ago were \$542,279,581, and the treasury at that time had a surplus of more than \$55,000,000.

Collectors in September were on the third installment of income taxes for this year, income taxes being on a calendar year basis. Total collections for the quarter were \$554,596,119 which compares with \$699,373,920 for the same quarter last year.

Customs receipts in September dropped approximately \$13,000,000 under those of September last year, totaling \$36,654,823. Customs revenues have dropped \$67,000,000 since July 1 last those of the same period last year. This decrease has taken place since the new tariff law became effective.

**Officials Are Gratified**  
While treasury officials were gratified that income tax collections reached as high a total as they did in September, they cautioned against optimism about the government's fiscal situation in the remainder of the year, which will have a bearing on whether the one percent tax reduction will be continued. President Hoover and treasury officials have expressed the hope the reduction can be maintained next year.

## TODAY

(Continued From Page 1.)

make you discontented with your present condition.

RALPH S. KELLEY, of the field division of the national land office in Denver, accuses government officials of selling out \$40,000,000,000 worth of public shale oil property for \$2,000,000.

The wide "spread" between \$2,000,000 and \$40,000,000,000 amounts to \$39,998,000,000.

The charges, made by an official will have the attention of the President and Secretary Wilbur in spite of the fact that it is impossible to fix any actual value for shale rock containing oil. To extract the oil would not pay at present prices, and it may not be worth while for the next 100 years or longer.

Nevertheless, investigation is necessary of the charges that "dummies" are hired to take up small sections of public land at two dollars and a half an acre, "dummies" turning their purchases over to the big oil companies.

MUSSOLINI SAID HE WILL DO nothing to avoid war. And, part of his wise plan for avoiding war is to keep ready for it. He expects to see the prosperity of the whole world restored within three years, and casually says, "speculators deserve death."

In Russia, they do more than say it. They take the speculators out in two and dozens, and shoot them, if they speculate in a way that Russia considers injurious.

If we applied that rule in the United States, there would not be enough shooters. However, even this country, tolerating anything done in the name of dollars and profit, might take action with regard to the speculators deliberately conspiring to destroy public confidence, by methods well understood in Wall street.

DEAN HANFORD, OF HARVARD, refused a postponement of yesterday's examination of students, requested by Jewish students, forbidden by religious scruples to do any manual work, even writing, on the religious holiday of Yom Kippur. He agreed, however, that Jewish students might dictate answers to questions and that professors would be provided for the purpose.

Harvard, out of respect for Christianity, has no examinations on Sunday. In the eyes of this government, all religions are entitled to respect. The dean might well have found a day other than Yom Kippur for the examinations, if only for the practical reason that Jews, including Julius Rosenwald, have been among the most generous contributors to the funds of Harvard college. Their contributions have always been accepted.

DR. ZARO AGHA, a Turk, visiting America, who thinks he is 156 years old, is probably one of the oldest men living, if not actually 156. Dr. Vorenoff, who "restores youth" by gland transplantation, offers to rejuvenate poor old Agha. No more cruel suggestion could be made, as well drag a weary man from his bed, or give red hot coals to a child.

WASHINGTON, Oct. 3.—The offices of President Hoover's commission on law observance and enforcement took on a definite air of activity today as final material was assembled for a meeting of the commission next Wednesday — the first gathering since June.

The accident occurred at the fair grounds here late yesterday when Pilot Howard Burras, 20, of Olmsted, O., started to take two Willard persons back to their homes after bringing them here to witness the fair.

The plane fell while still between 25 and 50 feet in the air and struck Franklin Croxton, 11,

## Social Affairs

### L. C. B. A. SOCIAL

With euchre and five hundred the main diversions the Ladies Catholic Benefit association held an enjoyable social meeting Thursday evening at the K. of C. hall, South Broadway.

Mrs. John Entriiken was awarded the euchre prize, while the five hundred prizes fell to Mrs. Frank Schmidt, of Salem, and Miss Margaret Eskay, of Leetonia. Mrs. Joseph Sheehan received the guest prize.

Lunch was served by the associate hostesses, Mrs. P. J. Redington, Mrs. Wilbur Hiddeson, Mrs. Thomas Layden, Mrs. Joseph Sullivan, Mrs. Mary Stiver, Mrs. Ann McLaughlin. Out of town guests were from Leetonia.

Plans were made for a card party, which will be held Thursday evening, Oct. 16.

**METHODIST SOCIETY**  
The Women's Foreign Missionary society of the Methodist church met Thursday afternoon at the home of Mrs. Mary E. Pine, South Lincoln avenue.

Mrs. Pine was in charge of the program and the devotion. Miss Ella Beeson contributed a select reading relating to India. Mrs. Eva McNeelan's reading was on "A Dream."

Some of the members are planning to attend the district meeting, which will be held Oct. 15, at Carrollton.

The associate hostesses, Mrs. Pine, Mrs. McNeelan and Miss Beeson served refreshments.

**MARTHA WASHINGTON CLUB**  
The hours were whiled away at cards at a meeting of the Martha Washington club Thursday afternoon at the home of Mrs. William Tier, Newgarden street. Mrs. Charles Baker and Mrs. Julia Finley won first and second honors, respectively. The hostess served lunch.

Mrs. Finley will entertain the members at a 1 o'clock luncheon in two weeks.

Mrs. M. C. Foulks, of Canton, is visiting at the home of Mr. and Mrs. C. L. Glass, North Ellsworth avenue.

### LUCKY EIGHT CLUB

Mrs. P. J. Earhart of Third street was hostess to members of the Lucky Eight club at her home Thursday evening.

Five hundred was the chief diversion and two tables were in play. Honors were won by Mrs. Albert Boughton and Mrs. Carl Summers. Lunch was served.

Mrs. Paul Schafer, of Newgarden avenue will entertain the club in two weeks.

### JENNINGS AVENUE CLUB

Mrs. H. R. Elton was hostess at an all-day session of the Jennings Avenue club Thursday at her home, Jennings avenue. Mrs. E. Fouts, Mrs. Viola Otlip and Mrs. Clara Ovington were guests.

The hostess served a luncheon and the table and dining room were decorated with vari-colored autumn flowers.

### PIONEER CLUB

The Pioneer club of the Presbyterian church, composed of children from the ages of 12 to 15, will hold a Halloween party, Saturday evening at the church, which promises to be unusually interesting. Preceding the party the regular meeting will be held.

### OHIO BELLES CLUB

Members of the Ohio Belles club had a theater party Thursday evening and attended a show in Alliance.

The next meeting of the club will be in two weeks.

### MUSICAL CLUB

The Blue Bird Musical club, composed of pupils of Miss Sylvia Marburger, will meet at 2:30 Saturday afternoon at Miss Marburger's studio.

### LIGHT BEARERS

The Light Bearers society of the Presbyterian church will meet at 2:30 p. m. Saturday at the chapel.

Mrs. Walter Burkhardt, who has been ill, resumed her duties at the Woolworth store Friday.

Mrs. Ruth Hine, who is employed at the Grate Motor Co., is ill in the Warren city hospital.

### COMMUNITY ASSOCIATION

A covered dish supper and election of officers featured the annual meeting of the Millville Community association held Thursday evening at Millville. At the same time the association observed its first anniversary.

W. L. Holwick was chosen president of the association. George Crutchley is vice president. Mrs. Homer Dunn and Mrs. W. L. Holwick are secretary and treasurer, respectively.

The trustees are: George Shepherd, George Crutchley, George Orr, Fred Oesch and Raymond Greenaway.

Reports for the year were given. The Community club will hold a masquerade and pie social on Oct. 24.

### CARRIE BARGE CIRCLE

Officers for the ensuing year were selected at a meeting of the Carrie Barge circle of the Methodist church Thursday evening at the home of Mrs. S. A. Mayer, South Lincoln avenue.

Miss Myra Gibbs was elected president. Her assistant officers are: Vice president, Mrs. Harry Michael; recording secretary, Miss Blanche Fulton; corresponding secretary, Mrs. Carl Pickinger; stewardship secretary, Miss Beatrice Maeder.

Rev. Mayer gave an interesting talk. The November meeting will be with Mrs. R. C. Gibbs, South Ellsworth avenue.

### BRIDGE-TEA

The Salem City Hospital Alumnae association gave a benefit bridge-tea Thursday afternoon at the Hannah E. Mullins nurses home, East State street.

Prizes were offered in the games and these were captured by Mrs. Charles Snyder and Mrs. R. R. Johnson.

The home was made attractive with autumn flowers and candies. Some of the guests were from Youngstown and Leetonia.

Mr. and Mrs. C. H. Bett have returned from a month's trip through the west. At Boise, Idaho, they visited Mr. Bett's nephew, Mr. and Mrs. E. C. Long. Among the other places they visited were Seattle, Wash., cities in California, Mexico, Salt Lake City and Chicago.

Mrs. G. W. Groom and daughter, Mrs. D. J. Feely, and Mrs. Chester Croft, of Sewickley, Pa. were guests Thursday of Mr. and Mrs. J. D. Gubb, North Ellsworth avenue.

### THURSDAY NIGHT CLUB

Mr. and Mrs. V. L. Malloy and Mrs. Earl Hutchinson won the prizes offered in the five hundred games at a gathering of Thursday Night club associates last night at the home of Mr. and Mrs. Ralph Stoffer, West State street. Three tables were in play. Lunch was served.

## TORNADO TAKES TOLL OF THREE

**Building Collapses When People Seek Refuge From Storm**

(By Associated Press)

**FOWLER, COLO., Oct. 3.**—A tornado twisted its way across parts of two southern Colorado counties yesterday killing three persons, injuring four more and causing unestimated property damage.

The dead: George W. Lackey, prominent Fowler cattleman whose feeding operations centered 14 miles north of here in the middle of the stricken area; Mrs. John P. Downing, ranchwoman, living 24 miles north of Fowler; Col. Noble Manzanola, Colo., rancher.

Lackey was killed instantly and the other two injured fatally when the tornado struck the building on the Beaty ranch in which they had taken refuge from the storm. Henry Bushaw, a ranch hand and Mrs. Downing's daughter-in-law, Mrs. John B. Downing and her two-months old daughter, were also in the structure when it collapsed, but escaped serious injury.

### Directors Named

**COLUMBUS, Oct. 3.**—Mrs. Bernice Pike and Miss Mary White, daughter of Democratic gubernatorial candidate George White, have been named directors of a women's organization bureau which has added to the Democratic state headquarters here. The bureau is to develop political interest of young women.

## ONE will always stand out!

IT IS the "just right" combination that makes for style in the gown — and good taste in a cigarette.

Nothing can take the place of the right use of the right tobaccos. Chesterfield's long-tested methods of mellowing and blending the choicest cigarette tobaccos have no counterpart. Thus Chesterfield stands out for—

**MILDNESS**—the entirely natural mildness of tobaccos that are without harshness or bitterness.

**BETTER TASTE**—such as only a cigarette of wholesome purity and better tobaccos can have.

wide broadcasting chains. A group of self-styled Communist demonstrators, carrying banners, marched on the public square to the auditorium during the speech, but were quickly dispersed by police.

Immediately after the speech, the president boarded his special train to make the return trip to Washington. He was due there in the early forenoon.

"Any recession in American business is but a temporary halt in the prosperity of a great people," the President told his audience. He expressed confidence in an early recovery, and the bankers should play a leading part of supervising a wise flow of credit, and an ample supply of credit at low interest rates already was available through cooperation of the banks and the federal reserve system.

"Our present experience in relief," he said, "should form the basis of even more amplified plans in the future. But in the long view, the equally important thing is prevention. We would need have less concern about what to do in bad times if we discovered and acted in good times further safeguards against the excesses which lead to these depressions."

## VESSEL AT SEA CALLS FOR AID

Navy Sends Destroyer To Help Ship As Radio Carrier Call

WASHINGTON, Oct. 3.—Naval radio reported this morning two vessels spreading to the aid of the U. S. S. Montcalm, stating ship of Guantanamo, Cuba, which yesterday called for help after running into heavy seas 500 miles southeast of Charleston, S. C.

The destroyer Concord, flagship of the scouting fleet destroyer squadrons, detached itself from its command to rush southward, but did not expect to reach the Montcalm until tonight. The U. S. S. Oriskany, a mail ship bound for Europe reported to the Charleston naval base that she was heading for the Montcalm and would stand by, taking off the crew if necessary. The dispatches did not give the Oriskany's position.

The Montcalm was believed by officials here to be in no immediate danger, but it is a small vessel, not designed for heavy weather, and a radio message asked for a convey.

## GERMAN PLANS SURVEY OF SEA

Proposed Apparatus Would Travel Far Under Surface; Radio Equipment Included

NEW YORK, Oct. 3.—Plans for construction of a diving apparatus capable of descending to a depth of 6,500 feet and cruising about at that level for a period of eight days were described here today by Dr. Rudolph Engelmann, of Berlin, who said he had been working on the idea since 1928.

He said negotiations for construction of the machine are under way with several American firms and he expects to have it ready for demonstration purposes within two or three months.

He described his proposed apparatus as cylindrical, 12-feet high, 50 inches in diameter and weighing 8,500 pounds. It will be constructed of steel an inch and three quarters thick, and equipped with a radio receiving and sending set, navigation instruments and a powerful lamp to illuminate the ocean depths through a window.

## ROBBERS TAKE NEW FOOTWEAR

"Fitted" By Clerk When Cash Lost In Store Is Small; Thanks Offered For Shoes

CHICAGO, Oct. 3.—Three tough persons, engaged in robbing a store, took time out to fitted to footwear last night.

Having taken what cash they could find—a trifling sum, for business had been poor—the robbers paused to look over the place.

"You carry a nice line of shoes," one of them said to the clerk, Frank Santelli.

"Yes, sir," said Santelli, "I have a low shoe, tan, size 10," said the robber. "And fit my gentleman friends, too."

So the three robbers were fitted with footwear.

Finally satisfied, they thanked the clerk and complimented him on the merchandise.

Then they went away.

## Paralysis Drops

COLUMBUS, Oct. 3.—Reported cases of infantile paralysis yesterday dropped lower than any day since July 1. Only six new cases were reported to the Ohio health department making a total of 25 for the first two days of October.

There were 101 cases in August and 240 in September.

## In the Field of Honor at Buenos Aires

The rarest of photographs, for South America, is shown above. It is a view of the duel held privately between Senor Manuel Fresco, Jr., and Senor Julio V. Rocha, national deputies of

Argentina. Baron Demarchi is shown at the left, in his role of judge. After several minutes of lightning-fast sword play, Senor Fresco wounded Senor Rocha twice, in the forearm and under the left eye. Baron

Demarchi stopped the duel and surgeons present for this occasion examined the wounds. Rocha was declared unfit to continue the duel.

## MARKETS

STOCKS MOVE HIGHER

(By Associated Press)

NEW YORK, Oct. 3.—Stocks moved higher in a sluggish market during the earlier hours of trading today. Advances of two points or more in leading shares were general.

The \$199,000,000 decline in brokerage loans to the lowest level since 1927 appeared to have a moderately bullish effect on sentiment and the list was free from selling pressure.

American Can U. S. Steel, American Telephone, DuPont, National Biscuit, Westinghouse, Loew's, Consolidated Gas and International

Telephone called 2 points or more. General of three appeared in American Power & Light, Western Union, International Harvester and Eastman Kodak.

DETROIT BARS  
JOBLESS MEN

Efforts Being Made To  
Take Care Of Those  
Within City

DETROIT, Oct. 3. — The city of Detroit today was engaged figuratively speaking in a posture known as "keep out" signs at the city's gateways, directed to those who come here looking for jobs.

The influx of jobless has increased materially since the official found since the systematic program of Mayor Frank Murphy and industrial leaders interested in unemployment has been placed in operation. These in charge of this program pointed out that some 85,000 jobless Detroiters have been registered, and that the most hopeful estimate of immediate employment contemplates relief for not more than a third of this number.

Percival Dodge, chairman of the sub-committee on relief of the general employment committee announced today that drastic steps are contemplated to keep out unemployed persons. One plan calls for policemen to be stationed at bus terminals and railway stations to interview strangers. If they are found to have come here looking for work they will be told there is no work for them and asked to leave.

If hungry, they will be given food and a night's lodging. If they refuse this at a mission, Mr. Dodge said, and are unable to show financial ability to care for themselves police will be asked to arrest them and get them out of town.

The unemployment committee has adopted a plan of calling 500 of the most needy registered men daily to a central municipal agency where such jobs as are to be had are to be distributed. This agency is handling all public work of a casual nature.

MINISTERS WILL  
PROBE CHARGES

To Determine If Cannon  
Case Warrants Trial  
By Church

WASHINGTON, Oct. 3. — An investigation of the charges brought against Bishop James Cannon, Jr., of the Methodist Episcopal church, south, by four ministers of the denomination appeared certain today following a conference last night between Cannon and Bishop W. N. Ainsworth.

Reliable authority had it that Bishop Ainsworth, with whom the charges were filed, had decided to appoint a committee of twelve ministers to conduct an inquiry. This step is provided under church discipline to determine whether a church trial is necessary.

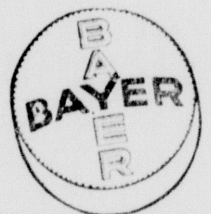

Bishop Ainsworth left Washington immediately after his talk with the accused churchman, and today was on his way to Birmingham. Bishop Cannon would not comment on the conference. Speculation turned on whether he would not make any public reply to the charges at this time.

Mayor Dies

CHARDON, Oct. 3. — While reading on the porch of his home yesterday, Lorenzo D. Harvey, mayor of Middlefield, died of heart disease.

Sore Throat?

Don't neglect a sore throat! It is uncomfortable at best, and can easily lead to something worse. Make a gargle of Bayer Aspirin. It will ease all soreness, and reduce the infection. But get the genuine Aspirin physicians endorse; look for the Bayer cross stamped on every tablet, thus:

Fund Transfer Gets  
Bettman Approval

COLUMBUS, Oct. 3. — The transfer of \$139,000 from the Soldiers' bonus fund to the highway maintenance and repair fund recently made by the state emergency board was declared legal yesterday by Atty. Gen. Gilbert Bettman.

It was announced the transfer was for the prepayment of state highway work to alleviate further drought and unemployment conditions. The money was of the fund used to retire the soldiers' bonus bonds.

Bettman said the borrowed amount was not needed for current bond payments and that it would be repaid from accruing gasoline tax receipts.

**Davis Funeral Sunday**  
The funeral service for Frank F. Davis, who died Thursday morning, will be held at 10:30 a. m. Sunday at the home of his father-in-law, M. H. Ruble of Hanoverton. Mr. Davis was well known here.

Mrs. Wilford Edgerton who underwent a surgical operation several weeks ago at the hospital and who has been convalescing at the home of her parents, Mr. and Mrs. Davis, was able to return home Tuesday afternoon. She is reported to be feeling along well.

Butler grange held a regular meeting Thursday evening at the hall. Two applications for membership were received. One applicant, who had been unable to attend the regular initiation, was obliged in the 3rd and 4th degrees.

Tragic End to Noted Career

As a tragic finale to a brilliant career, Lieutenant-Colonel Richard and Bennett Creevy, U. S. Marine Corps (above, with wife on whom he wielded a hatchet.) It happened in a room in one of the Capital's most fashionable hotels. Insanity, perhaps the result of tropical fevers, brought about the tragedy in which the noted officer killed himself, and recovery for his wife has been termed doubtful.

(International Newsreel)

The members over 35 years of age and those under 35 years were trying to raise the largest amount of money for the grange. The members over 35 years of age were the winner by only a few dollars.

**Literary Program Given**  
The literary program consisted of readings by Paul Ward, Mrs. Walter

Thirty Years Ago.  
The ladies of the grange are putting in a quilt at the hall Friday. The next meeting will be in two weeks.

Fails In Break

AKRON, Oct. 3.—Arthur Stevenson, 36, Richmond, failed to saw his way from Summit county jail yesterday when Deputy Sheriff John Solvers caught him. Stevenson is in jail pending burglary and larceny charges.

Thick, wavy hair!

You, too, can have long, soft, abundant hair. It's simply a matter of using this easy method, approved by hair specialists, endorsed by stars of stage and screen; used by millions who haven't time for the more laborious treatments. Tonight when you arrange your hair just put a little Danderine on your brush. Then as you draw the brushes through your hair see how the scalp is toned and soothed. See how the hair becomes softer, easier to manage; how its natural color is brought out; how it takes on new brilliance and lustre!

Danderine dissolves the crust of dandruff; helps stop falling hair; keeps hair and scalp healthy; encourages the growth of long, silky, abundant hair. Five million bottles used a year. That proves Danderine's effectiveness!

## PRIZE FIGHTER DIES IN RING

Physicians Believe Death  
Was Not Due To Blow;  
Opponent Held

CEDAR RAPIDS, IA, Oct. 3. — Battling Nelson of Waterloo, Ia., fighting the semi-windup to the Mandell-Myers match last night, died with his gloves on.

He collapsed at the end of the fifth round and a towel was tossed in the ring. None in the crowd knew it, but Nelson was dying. His opponent, Kid Leonard of East Moline, Ill., was ordered held for the request today. He is 17 years old and was fighting his 19th professional bout. Nelson, whose full name was Eldred C. Nelson, was 27 years, married and the father of four children. He had been fighting professionally for five years and was a welterweight.

Three physicians were at the ringside and sought unsuccessfully to revive Nelson. Their unofficial expressions were that death was accidental, being due either to paralysis of the heart or over-exertion, rather than as the result of a blow.

For when anyone explains himself guardedly, nothing is more uncivil than to put a new question.—Richter.

### MARIONETTES IN AMERICA

The marionette in this country always has been identified with juvenile entertainment, but this presentation, while appealing directly to young audiences is projected in the manner of continental marionette plays for sophisticated audiences. The Gawpy ballet has the ironic humor of Anatole France in Penguin Island; the International marionette revue is a witty satire on the manners of current revue and musical comedy, and dance recital productions. The audience of children is entertained by the drollery, the adult audience by the subtlety of this marionette program.

## THE DAY In Sports

THE HOMERUN BATTLE PICKING THE WINNERS

Whether the past season will mark the end of George Herman Ruth's supremacy over the baseball world in the manufacturing of homeruns or is just a season which interrupted his occupancy of the throne will not be determined for another year. There are many who claim that the Babe is through dominating slugging activities and point to his defeat in the past homerun race by Hack Wilson of the Cubs as a ready indication.

As Ruth goes, so goes the Yankees. That's a baseball axiom that is fulfilled year after year but no one can blame the team's mediocre showing of 1930 on Bambino. It cannot be said that Ruth failed in his homerun conquest; Ruth is one of baseball's greatest. He was simply beaten out in a great battle by another slugger who will never, it is unfortunate, achieve the distinction or popularity that Ruth held for years and will continue to hold until he leaves the game.

Babe was going along at a great rate this year when he was hurt. In past years September was his big month in clotting homers. This year he was unable to hit as many homers in that period and Wilson forged ahead to tie the latter. A former Ellwood City, Pa. Sheet and Tube worker, deserves all distinction that goes with a victory over Ruth.

Perhaps the Ruthian sun at last is beginning to set. Who knows; not even the Babe can say, but he has had his day. He will join the ranks of other colorful stars of the diamond—Nap Lajoie, Ty Cobb, Honus Wagner, Rube Waddell, Eddie and John Collins, Walter Johnson, Christy Mathewson and many others.

Football teams throughout the country will start getting into really tough battles Saturday. Ohio State plays its first Big Ten game. Notre Dame opens with Southern Methodist. Northwestern meets Tulane. Stanford plays Santa Clara which upset the Trojans. The way results are figured by the dope tomorrow follow:

Salem to beat Leetonia, five or more touchdowns; Boston U. to trim New Hampshire; Bowdoin over Massachusetts; Brown to beat Worcester Poly. California will trim Washington and Sam William's. The Buckeyes will eke out a decision over Indiana. Bethany will lose to Carnegie and Thiel will lose to Cornell.

Knut Rockne's Irish won't have it easy against Southern Methodist while Northwestern picked to win the Big Ten, will be given a stiff battle by Tulane, always a strong team. Bates will prove easy for Dartmouth and Fordham will roll up a big score on Buffalo. Illinois is picked over Iowa State and Lafayette will beat Muhlenberg. Minnesota faces a tough one in Vanderbilt and is expected to win a close one and Purdue will trim Baylor. Stanford should get revenge on Santa Clara while Yale will win over Maryland. Muskingum and Denison is a toss-up, the latter being favored.

## HEADLINES From the Sidelines

By DAVIS J. WALSH

ABOARD WORLD SERIES SPECIAL ENROUTE TO ST. LOUIS, Oct. 3.—Two ball clubs, very much in the public eye, the Philadelphia Athletics and the St. Louis Cardinals, were speeding today toward St. Louis where they will clash tomorrow in the third game of the 1930 world series. The A's, with two victories chucked away in their bat bags were carefree and jubilant while the Red Birds were a thoughtful and somewhat subdued aggregation.

The belief is growing that the A's are too formidable for the Cards. The consensus is that this series will end in St. Louis where three games are scheduled. Many competent baseball judges would not be surprised to see the A's take the Cardinals four straight.

**Betting Odds Change**  
Betting odds have jumped to the point where the A's backers are offering 3 to 1 that they will win the series, and there are no takers. The convincing 5 to 2 and 6 to 1 defeats the Athletics have dealt St. Louis in the first and second contests have disheartened the followers of the Cardinals.

The National League entry has made an amazingly poor showing so far in the series. The Cards claimed "the breaks" that, them the opening combat but they had no alibi for yesterday's defeat. They didn't hit, they didn't field, and their starting pitcher, Flint Rhem, didn't pitch. They were simply outclassed.

Something will have to be done about the sorry showing the National League is making in the annual baseball classics. The National League has lost 14 of the last 15 world series games that have been played. Last year the Chicago Cubs dropped four out of five to the A's, the year before the Cardinals lost four straight to the New

## Red And Black Squad Favorite To Defeat Invading Grid Team

Favored to win its second consecutive game by a decisive margin, Salem High griders inaugurate night football activities for the 1930 season opposing the plucky grid combine from Leetonia High school at Reilly athletic stadium at 8 o'clock tonight.

It will be the first of a series of five nocturnal grid battles scheduled at Reilly stadium this season, a large crowd of approximately 4,000 being expected to turn out for the affair. Leetonia will bring a delegation of several hundred rooters to support its team in the first night game ever played by their school.

Games already played by the Blue and White have failed to indicate that team's prowess, no victories having as yet been won by the smaller Columbiana county combine while Salem, with a sensational rally in the last period against Akron West, showed improvement. The improvement was such that the Red and Black is expected to overwhelm the invading aggregation by at least five touchdowns.

**Salem Lineup Uncertain**  
An aerial attack is expected to form Leetonia's main offensive in that Coach Riley's aggregation will be outwitted by Salem's line, making line plunges improbable to a certain degree while the Stone-men will also use a pass together with a new offensive attack which their coach drilled into them during the past three days of scrimmage. No great change is anticipated in Salem's lineup, but the starting aggregation is entirely uncertain.

Gordon Keyes and Perne Siding-er will probably again start at ends, having shown up well in their first game against West of Akron, while Corso brothers, Mike and Augie, appear slated for the tackles. Polly Sartick will be at center with Weigand and Whitcomb at the guards.

Bill Smith, one of the backfield,

stars of last week's game, will be at quarterback while Ed Beck, who was the principal in the flashiest play of the Akron game—a 20-yd run through a broken field—will be at one of the halves. John French will be the fullback with choice for the second fullback position lying between Gene Yarwood, Henry Reese and Jack Carpenter.

**Half Not Sure**  
Reese played practically the full game against Canton McKinley but was replaced last week by Yarwood who gained much yardage on line plays and also played well at defensive center. Yarwood, in the early part of the fourth period, was replaced by Carpenter, who scored the first touchdown against West and played a prominent role in Salem's great comeback.

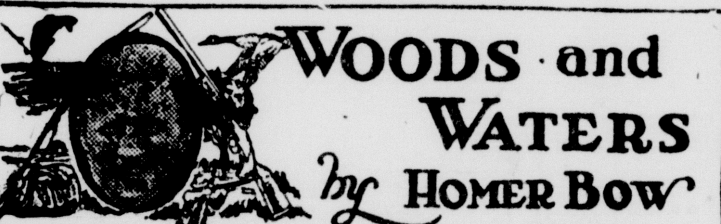

Changes may result in Stone's lineup from the fact that Leetonia is not considered strong but it is entirely probable that the Salem coach will start his best combination and throw in substitutions if the game proceeds according to pre-game dope. That is, if the Red and Black runs up any kind of a score.

Carpenter has worked at the one halfback in majority of workouts with the regular eleven this week while Hugh Bailey supplanted Keyes at one of the ends last night. A Corso was not able to practice yesterday being indisposed along with Reese, and his place in the line was taken by Richard Paxson.

Harold Hackett, who started the season as an end is being made in- to a guard and may possibly start at a line position tonight with Mert Whitcomb on the opposite side of Sartick, the center.

So it appears entirely likely that Stone will use this combination to start against Leetonia:

Ends, Siding and Bailey; tackles—Paxson and M. Corso; guards, Mackett and Whitcomb; center, Sartick; quarterback, Beck, and halves—Carpenter and Beck, and fullback, French.

**Fishing Season Near End**  
With the first thrill of the hunting season over and the balance of it due in a few weeks, it is just about time to sing the annual swan song of the fishing season and enter a summary in the record book.

Of course, there are the more ardent anglers who still stick on for job for some weeks yet and then there is a chance of hooking a muskellunge in the Muskingum, Killbuck, Walhonding or one of the several other streams. Water temperatures are far from being low enough to make the bass inactive also, but taking it all in all, the average angler has torn up his license and stored away the tackle.

On the rivers of the southern watershed the helgramites are big and fat this season of

the year and the bass dote on them. In fact, the best bass fighting I have had on these rivers occurred in October and helgramites turned the trick. Rock bass think they are tasty also.

Helgramites are more or less strangers to many anglers, but if you take the conventional 4x8 seine and place it below a fairly fast riffle and have another above to turn the rocks over and scrape with his feet, the helgramites should roll into the net.

If you never have handled them, beware of their jaws, because they can inflict a severe bite. Many authorities advise fishing them off of the bottom as they crawl under the rocks. This is true, but moving the line will dislodge them and my best success has been in fishing the bottom with them. They are tough customers and may take several bass before they are dislodged from the hook.

By the way, when you convey them to the fishing spot, keep them in damp grass. They will drown in water and in a can without grass will take their spite out on each other with fatal results.

If you go helgramiting after bass, take the old rod and reel along and a supply of spoons and spinners, as well as some lead and fish deep. Rake the bottom for the muskellunge. You probably will not hit one. But then, who knows?

A "supply" of spoons and spinners is mentioned because deep fishing, and you will have to do just that, means a lot of snags. An old-time angling pard of mine, Shifty Bolen, and I were laying plans for a next year trip. Shifty said, "We will have to find a place where we can go out any day, anytime, any weather and catch all the big ones we want."

I informed him that if such a place existed, I did not know of it. He insisted that there was a place of this kind and he was going to locate it. When he does, I will let you know.

Fishers do occur on all waters and particularly in the bright of the moon—and I have never heard of the other kind of place.

Ben Ames Williams tells of a salmon trip into the distant places in the current issue of the Saturday Evening Post—and the first day was fishless.

**Caterpillar Member**  
DAYTON, Oct. 3.—The Caterpillar club got its 24th member yesterday when Lieutenant J. E. Parker, army officer at Wright field, jumped from his burning plane at an altitude of 5,280 feet as he went into a barrel roll. Parker landed safely in his parachute. The plane crashed in a cornfield.

**YALE TO BATTLE MARYLAND CREW**

(By Associated Press)  
NEW YORK, Oct. 3.—Yale's eleven will play Maryland at New Haven tomorrow with high hopes of bettering the 1929 result which resulted in a 13-13 tie. At Morgantown, two ancient and evenly matched rivals, Pitt and West Virginia will clash with the result a toss-up.

Almost all the other eastern games are tune-up contests with hardly an element of competition involved. Harvard, Princeton, Penn and Navy all will be making their seasons' debut. Harvard has arranged a double header with Vermont and the U. S. Coast Guard academy as opponents. Princeton probably will need all its resources to turn back Amherst's strong array which held the Tigers to a 7-0 count a year ago. Penn should trample William and Mary probably will give the Navy a good workout.

Army's second rival will be Furman university of Greenville, S. C.

**Cubs Come Back To Win Second Game**

CHICAGO, Oct. 3.—The Cubs and White Sox today moved over to the north side of Chicago to resume their city championship struggle with the count at one-all each.

After dropping the first game of the series, the Cubs bounced back yesterday and evened things up with a 4 to 2 decision. Sheriff Fred Blake permitted only five hits, two of them in the ninth, young Pat Caraway, his opponent, did well until the eighth inning when he was cracked for singles by Blair and English which were followed by a line drive home run by Kiki Cuyler.

Red Faber, assigned to pitch for the White Sox, and either Guy Bush or young Bud Teashout, was to do it for William Wrigley's club.

## Ohio Football Attractive With Night Games Scheduled

(By Associated Press)  
COLUMBUS, Oct. 3.—Headlined by the Wittenberg-John Carroll and the Ohio university-Butler games, a football affairs tonight usher in a week end which will see 35 of Ohio's 38 college teams in action.

Coach Peden's Bobcats have a big job in Butler's Bulldogs and will have a merry time—keeping their streak of 12 victories intact. If the Bobcats win tonight in Indianapolis they stand an excellent chance of going through the season undefeated until their final game with Ohio Wesleyan.

Wittenberg meets John Carroll under flood lights in Cleveland. Wittenberg has a 21 to 0 victory over Georgetown college to its credit while Carroll lost to the Marines and beat Broadus. Wittenberg appears to have the edge in a close game.

Dayton plays host to Georgetown, another night game, having turned back Ohio Northern in its opener last week.

Georgetown is the team which lost to Wittenberg and it appears fairly sure to lose again as the Bears are competent.

Mount Union plays the first of three home night games against Kent. They have had only one practice under the lights, a two-hour signal drill yesterday.

Cincinnati, having slaughtered Cedarville last week engages Kentucky Wesleyan tonight at home.

and its strength will be truly tested for the first time.

Eighteen games Saturday afternoon will complete the week end's story headed by Indiana and Ohio State at Columbus. The Buckeyes are formidable favorites to win but they recall the scoreless tie of last year and figure nothing to be certain.

CHICAGO, Oct. 3.—The flood-lights will burn for two football games in Chicago tonight.

Soldier field, which has seen everything from a solemn religious event to a world's heavyweight championship fight, will have its first experience with night football when the acres are turned on the game between Drake university and the University of Oregon.

Tonight's other game will be at Loyola field, with Georgetown playing Loyola.

Tulane's Green Wave and about 250 supporters were due today for an engagement with Northwestern tomorrow afternoon, while Southern Methodist's aerial circus headed into South Bend, Ind., to participate in the opening of Notre Dame's new stadium. Another southern invader, Vanderbilt, finished up the major troop movement in arriving at Minneapolis to meet Minnesota.

Mass Production—Low Wholesale Prices—Honest Profit

For Sweetest Day

**Artstyle Chocolates**  
The Red Box

The gift of The Red Box with its 22 varieties of the chocolate covered dainties that ladies like best is a wonderful way of expressing your deep regard on Sweetest Day, Saturday, Oct. 18. This package is one of America's most popular gifts.

**\$1.00 PER LB.**

On a quality-quantity basis, Rexall prices are the very lowest in town. A fair comparison on your part will convince you of the truth of this statement. Here are the reasons: The enormous buying power and mass production methods of the great United Drug Company keep manufacturing costs at a minimum; direct distribution and profit-sharing prices permit us to buy Rexall products at a reasonable rate; we are satisfied with a fair and square profit; therefore you are given opportunities every day in the year to make welcome savings on the products you need to guard the health, comfort and happiness of those near and dear to you.

**The Candy Sensation of 1930!**  
Artstyle Pour Vous Chocolates

Imagine it! 90 pieces—28 varieties—three layers—all in a one-pound, modernistically decorated, octagonal-shaped box. Each piece is French style—just the size of a dainty lady's bite. Keep this package in mind for Sweetest day.

## AT THE GRAND

**"Man Trouble"**  
Dorothy Mackall, is the beautiful and talented screen actress, who portrays the leading feminine role in "Man Trouble," current attraction at the Grand theatre tonight and tomorrow.

The story concerns a beautiful girl who is loved by two men, one the owner of a night club and the other a newspaper columnist. The girl falls in love with the newspaper man, but cannot escape the other who has something of a claim upon her, having rescued her from drowning.

When the skies of romance look darkest, fate steps in and the boy and girl are free to pursue the path of happiness together.

## AT THE STATE

**"Hold Everything"**  
Joe E. Brown and Winnie Lightner, two of the best and most popular "wise-cracking" comedians of Hollywood and formerly of Broadway, are largely responsible for the success of the widely known musical comedy "Hold Everything" playing at the State theatre tonight and tomorrow.

The story deals with a coming prize fight, which is to decide the world's champion. Georges Carpentier, well known in fight circles here and abroad, plays one of the leading roles, as does Sally O'Neil.

Joe E. Brown, who also takes the role of a fighter, who has never been declared victorious in any of his bouts, and his sweetheart, Winnie, supply many laughs with their original and decidedly humorous repertoire.

## COLUMBIANA

Representatives of the various Presbyterian churches of this district of the Mahoning Presbytery will meet Thursday evening at a 6:30 fellowship committee supper in the Columbiana Presbyterian church dining room. The purpose is to institute the Loyalty Cananda which is being arranged in the Presbytery. Other committee meetings will be held here Oct. 19 and 17.

Fellowship Week in the local church has been set for Oct. 6 to 18, with Rev. Edgar J. Wykle of the Bucyrus First church as the speaker at the nightly services. The local pastor, Rev. J. C. Strubel has been assigned to Orrville for the week of Oct. 20-27.

**Entertainers Group**  
Mr. and Mrs. S. S. Stewart pleasantly entertained a group of friends Saturday evening at the M. E. church where the Hope division of the Ladies' guild served dinner. The guests were: H. S. Firestone, Russell Firestone, Akron; Fred Williams, Warren; Frank Chambers, Beaver Falls, Pa.; Mrs. Maggie Geisenhauer, Pittsburgh; Dr. John Jamieson, Mr. and Mrs. F. H. Roninger, Mr. and Mrs. William Jamieson, Cleveland; Mr. and Mrs. Joseph Rothwell, Mr. and Mrs. J. F. Stoddard and daughter, Miss Helen, East Palestine; Mrs. Monroe Shontz, Miss Sally Kennedy and Mrs. Anna Johnston, Kennedy, Sharon, Pa.; Mr. and Mrs. George A. Smith, Windber, Pa.; Mr. and Mrs. O. O. Thomas, New Waterford; and Mr. and Mrs. Robert Harrell, Leetonia.

The October business and social meeting of the Lutheran Ladies' society was held Wednesday afternoon at the church. The topic was "Dorcas The Friend of the Poor."

Inspection and initiation of candidates will be held Monday evening at the meeting of Pandora Rebekah lodge, with Mrs. Sanor, district president, of Salem, as inspecting officer. The social period will be featured by a program and refreshments.

**Bible Class Meets**  
The Young Ladies' Bible class of the Presbyterian Sunday school met Wednesday evening at the home of Mrs. Ruth Lehman, North Elm street.

Miss Sarah Cook has returned to her home after a visit of two weeks with relatives at Washington and Harveys, Pa.

Sunday will be observed as Rally day at the Methodist and Christian churches.

The fall communion service of the Lutheran church will be held Sunday morning at 10:30 immediately preceded by the confessional service.

## HOMEWORTH

A number of relatives from this place attended the funeral of Henry Hively, 96, of near Lisbon, who was found dead in his home, Thursday. Services were held at the Maple funeral home in Kensington, Saturday afternoon. Burial was in the Kensington cemetery. One daughter, Mrs. Wesley King of Millport, survives.

The funeral of Mrs. Samantha King Hume, 76, wife of A. D. Hume of Moultrie, was held at the Moultrie chapel Saturday afternoon and was largely attended. She was a member of the Lutheran church

of New Franklin. Rev. Menach of Moultrie officiated. Burial in Moultrie cemetery. Surviving are the husband, one son, William, and three grandchildren.

Earl R. Thomas and Ray D. Thomas attended the public sale at the Alfred and Samuel Schopfer residence at Salem, Friday.

A birthday surprise was given at the home of Mr. and Mrs. Ralph Stump in honor of Mr. Stump's birthday. Those in attendance were Mr. and Mrs. Martin Stump Moultrie, Mr. and Mrs. V. L. Thomas and daughter, Kathleen; Mr. and Mrs. Lawrence Stump and daughter, Avand and Miss Hester Willis of Alliance; Mr. and Mrs. Carl Sa-

nor and daughter, and Miss Velma Sator of North Georgetown, and Mr. and Mrs. Harry Stump and sons of Homeworth. Refreshments were served.

Mrs. M. F. Heestand who was seriously injured some time ago by a fall down a flight of steps, is slowly improving.

F. S. Paxon and son, Fred, have purchased a new Auburn car.

Arthur M. Thomas was in Columbus Saturday night. Mrs. Leah Johnson and T. H. Capadelle both of Alliance were married Thursday by Rev. H. C. Hiddlebrand at the First United Presbyterian manse in Canton. Mrs. Capadelle is a graduate nurse

from the Youngstown hospital. The groom has been steel inspector for the Santa Fe railroad for six years, but at present is associated with Morgan Engineering company. After a wedding trip through northern Ohio, they will be at home at 332 South street, Alliance. The bride is well known in this vicinity.

Mrs. Sarah Bowman has returned home from a visit with friends at Hartsville.

Miss Helen Warren of Alliance, and Oscar Hoffman son of Mr. and Mrs. Terry Hoffman of Marlboro, former residents of Homeworth, were married Saturday at New Cumberland, W. Va.

## FRESH AIR CIRCULATION IS THE SECRET OF

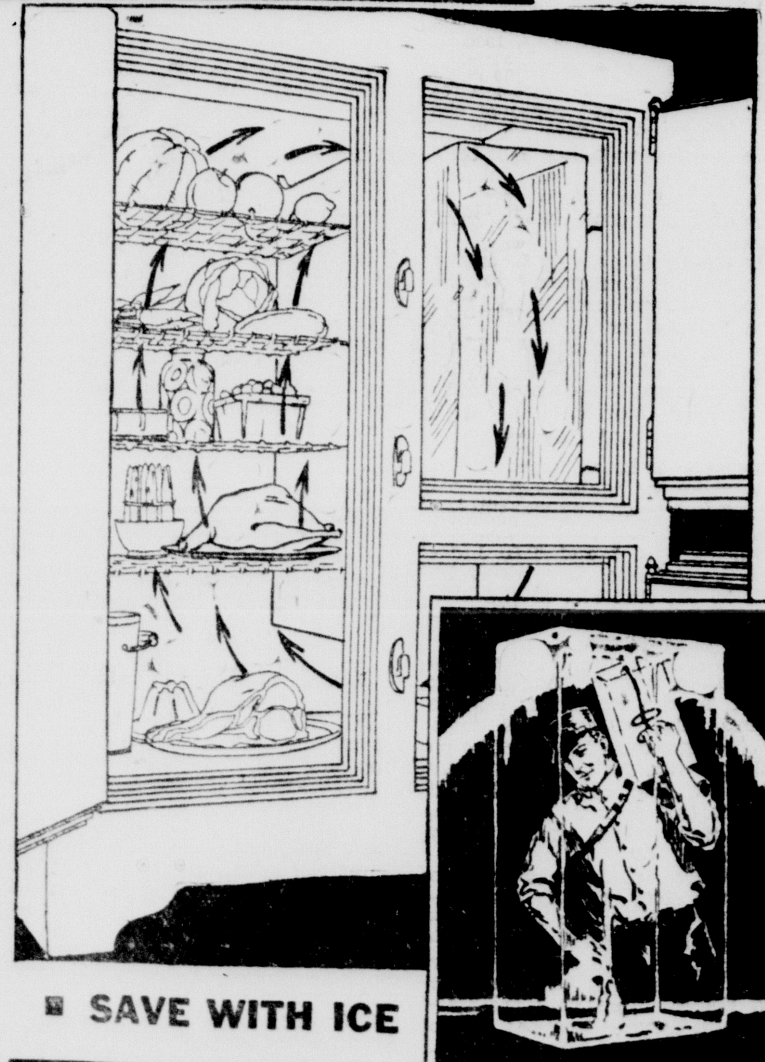

# ICE REFRIGERATION

• moist enough • dry enough  
• cold enough

The arrows tell the story. Cold air is heavy. It falls from the ICE, cooling foods in the refrigerator by absorbing heat from them. As it warms slightly, it expands and grows lighter. It rises, cooling foods in its ascent. At the top of the refrigerator the ICE draws the warmer air to it to be washed and chilled again for another cooling cycle.

As it cools food, the air absorbs odors from them, which it deposits on the ICE where they are dissolved and washed down the drain.

A well-designed, well-iced refrigerator, with foods placed as in illustration, is always fresh and sweet. ICE works automatically -- constantly cooling and cleansing. Depend on ICE in all weathers.

By Wanda Barton

**The Bathroom Ensemble**  
Morning cheerfulness is apparently stimulated by the gaiety of bathroom equipment. Pure white may look superlatively sanitary, but colored tiles and washable walls may be equally so—and yet brighten up the bathroom a good deal more.

"Let the bathroom be gay" is the suggestion of the most modern fixtures. And no matter how simple or inexpensive the equipment if a color scheme is adhered to the effect can be quite handsome. Perhaps a gay shower curtain is the beginning—and the new ones come in beautiful combinations—shell pink and gray—blue and orange—green and rose—and so on. Bathroom chair, medicine chest, array of glass jars and bottles, repeat these tones. A total effect that is most cheerful and attractive is the result—even though the individual items thus carefully chosen may cost only small sums.

Towels, too, can be obtained with borders of gay colors to match almost any color scheme. Which helps neatness, incidentally. An assortment of towels in all sorts of odd colors disturbs the air of neatness in the bathroom, even when they are carefully hung. Adherence to the same colors—which isn't any more difficult than acquiring towels of all the rainbow hues—is an automatic help.

The shade for the bathroom light can carry out the decorative scheme—but not at the sacrifice of good lighting. Reflected light—not a direct glare—is preferable and for safety's sake a button near the entrance of the bathroom is superior to a cord directly under the light. It should not be possible to switch lights on and off while one is handling the water-taps.

**Cupboard and Whatnot**  
From attic corners where they were shoved ignominiously a decade or so ago, corner cupboards and whatnots are now being carried with care and renewed affection. For there is a revival of interest in these quaint furnishings, and those lucky enough to possess authentic old pieces are parading them proudly and establishing them in places of honor.

Beautiful reproductions are being made in warm maple walnut and chestnut, and unlike many of the ancient furnishings which fashion has brought to the fore today, these items really can serve a useful purpose. Many a young bride, comprising elegant furnishings within a small apartment, finds these hanging shelves and corner cupboards a lifesaver—for they provide space in waste places. We shall probably see no more the sentimental souvenirs that once adorned the family whatnot—the china curios, painted shells, fancy grasses, and other objects weirdly regarded—as decorative once upon a time. But

## Today's Pattern

The sheer fabrics this season are perfect for the soft, feminine frocks so becoming to every woman. The graceful cape collar of this model points to harmonize with the pointed joining of the skirt flare. Isn't the effect charming?

Pattern 1991 is ravishing made of flat or canton crepe, satin, heavy georgette or chiffon velvet. You will be equally smart if you choose a solid color or a print. The fall color range includes wines, browns, greens and black.

May be obtained only in sizes 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 requires 5 1/2 yards of 39-inch material.

modern pieces of pottery glass or even books (not to mention the unclassifiable small wedding gifts that ought to be displayed whether for reasons of pride, or diplomacy) can be fitted with careful casualness into these odd old shelves.  
In one country house, equipped to reproduce as much as possible the atmosphere of a generation ago, the corner cupboard in the low, square dining room contains all the china that is used regularly. And a great convenience, too. For it adds color to the room, keeps dishes convenient for table-setting and out of the kitchen where there's no closet quite good enough to take care of the "best china."

While corner cupboards need not be triangular in shape, this type is most decorative, brightening up hitherto dark space.

## LEETONIA

## Gives His Life

HAMILTON, Oct. 3 — Donald Lyon, 4, son of Mr. and Mrs. Earl Lyon, yesterday paid with his life for saving the life of his two-year-old brother Saturday. Donald saw his brother run into the street in front of a car. He pursued the baby and pushed him to safety but the car struck Donald. The driver was not held.

## Ohio Mother Knew Best

WISE mothers find the things that keep children contented, happy, well. Most of them have learned they can depend on one thing to restore a youngster's good nature when he's cross, fretful, upset.

The experience of Mrs. W. J. Winter, 1407 East 88th St., Cleveland, is a typical one. She says: "I have used California Fig Syrup with both my boys for a number of years. Whenever they're the least bit constipated or restless I give them a little. It has them comfortable, happy, well in a jiffy. Their splendid condition proves I knew best when I decided to use this wonderful preparation with them."

Physicians endorse the use of pure vegetable California Fig Syrup when bad breath, coated tongue, dullness, feverishness, listlessness, etc., show a child's bowels are in need of help. Weak stomach and bowels are toned by its gentle aid; appetite increased; digestion and assimilation are so assisted that weak, undernourished children quickly improve in weight, strength and energy.

The genuine always bears the word California. So look for that when buying. All drug stores have it.

# IN CASE AFTER CASE OWA-TON-NA PROVES ITS MERITS

"This Fine Old Indian Remedy Has Been a Wonderful Help in Our Family," Says Mr. Myers

The praise which Mr. Fred W. Myers, 1216 Sycamore Ave., S. E., Canton, Ohio gives Owa-Ton-Na is not unusual in its history since thousands of endorsements have been received in mild as well as obstinate disorders. Mr. Myers says: "For several years, I suffered with serious disorders which seemed to keep me in a run down condition. Stomach, liver and kidneys all seemed to be afflicted. I was troubled with constipation and rheumatic pains in my hip and shoulders caused me a great deal of suffering."

MR. FRED W. MYERS

"I started to take Owa-Ton-Na to build up my system and it certainly has done the work. Why, I feel like a different man altogether. In a short time, my bowels began to act regularly, headaches and dizzy spells disappeared. My kidneys acted better than they have for a long time. Bladder irritation disappeared. Now I can sit down to the table and enjoy a good meal; I have a wonderful appetite and food doesn't disagree with me. Those terrible pains in my hip and shoulders are gone. I go to bed at night and sleep fine, getting up in the morning feeling refreshed. My wife and entire family are taking Owa-Ton-Na and are having wonderful results. It certainly has been a big help in our family and we gladly recommend it to other sufferers."

Why suffer from these conditions which cause so much misery? Owa-Ton-Na has proved its merits in thousands of cases of kidney, liver, stomach and bowel disorders, rheumatism, neuritis, nervousness and a general run down condition of health. Sold in Salem at the J. H. Lease Co. three stores.—Adv.
